

SLIDING DOOR SYSTEMS: INSTALLATION INSTRUCTIONS POST MOUNTING PLATES (S42 + AIR)

V2017.1

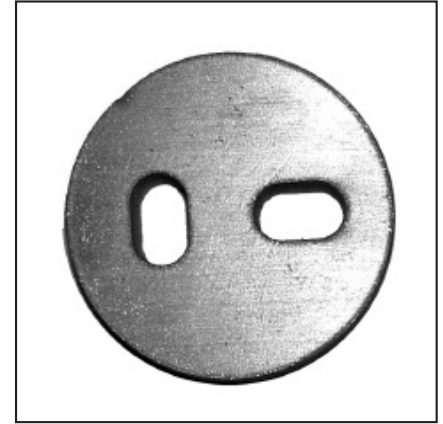

ACCESSORIES:

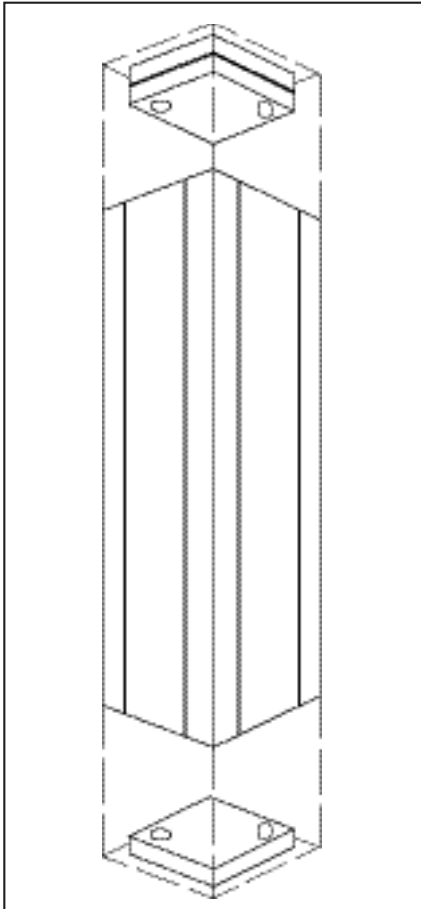

1_ Mounting plate for Square post
90mm x 90mm [3 9/16" x 3 9/16"]

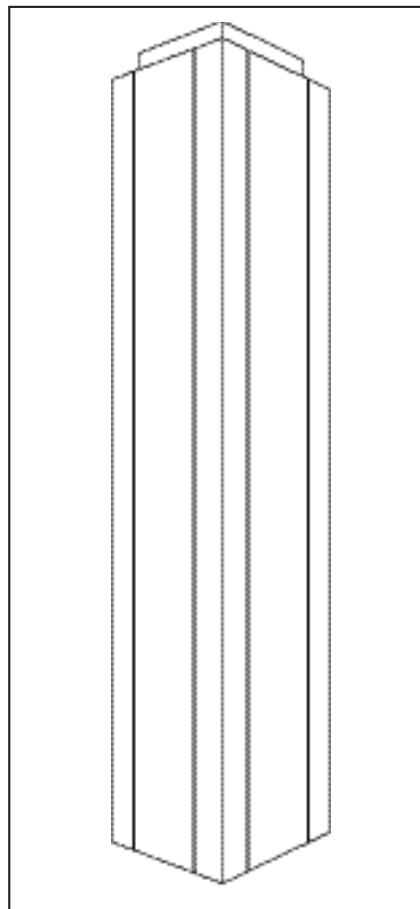

2_ Mounting plate for Square post
45mm x 45mm [1 3/4" x 1 3/4"]

3_ Mounting plate for Round post
45mm [1 3/4"] diameter

4_

5_

4_ Each post ships with 3 mounting plates. Deduct 10mm [3/8"] from overall height for cut length. This allows post to be installed over mounting plates.

Fasten two mounting plates to the top surface (ceiling or beam) and one to the floor. Make sure top and bottom mounting plates are aligned. Slide the post up and over the two ceiling mounting plates, align post vertically and drop down over the bottom mounting plate. Post should fit snugly over mounting plates.

5_ When finished there will be a 10mm [3/8"] reveal at the ceiling.
